COMPACT FOOTPRINT, MULTI-STORY, QUICK RENTING, CUSTOM CONFIGURATIONS

SMARTSPACE

SmartSpace modular systems are the next generation of innovative, portable and temporary workspace solutions from BOXX Modular. The unique “building block” design is fast to install, affordable, and provides flexible configuration options—no matter the use.

[BROWSE SMARTSPACE OPTIONS](#)

FLEXIBLE. EFFICIENT. CONVENIENT.

MORE COST-EFFECTIVE WITH A SMALLER FOOTPRINT

SmartSpace by BOXX Modular is the next generation of portable workspace solutions. They can be stacked up to three units high with a small footprint, so you have the flexibility to create the space you need. SmartSpace is perfect for downtown construction sites, in-plant manufacturing offices, or anywhere you need a scalable modular office solution.

FLEXIBLE

- Get lots of building space on tight project sites
- Simple custom interior layout configuration
- Stack 8' x 20' units side-by-side, end-to-end, and up to 3 stories high

EFFICIENT

- Fast installation and quick occupancy
- Fully climate controlled for occupant comfort
- Easy maintenance with durable steel frames, galvanized walls, and VCT flooring.

CONVENIENT

- First floor ground level entry
- Reconfigurable to increase or reduce building space as needs change
- Rentable turnkey furniture packages and stairs make it easy to start work

ADD-ONS

Let us take the work of furnishing your building off your hands! BOXX Modular has a variety of furniture packages for offices, lunchrooms and kitchens, as well as other add-on items such as decor, stairs and entryways, and more!
